MAGNUM GRIP™ POWER

THE SPEED OF SELF-ADJUSTING PLIERS AND THE POWER OF A WELL-DESIGNED MECHANICS TOOL

- The Magnum Grip's™ unique design increases gripping force up to 5 times.
- Fully self-adjusting design allows for quick gripping action of all shapes (flat, hex, round, etc).
- Parallel jaws grab two flats of a fastener, reducing rounding of corners and damage to the fastener.

Unique Adjustable Pliers and No Batteries Required!

- Durable, hardened steel laminate construction.
- Size range from 0 to 1 3/8" in a compact 8" tool
- Unique "Slot Cover", plate design allows extra space for branding and other info.
- Available in black oxide or corrosion resistant nickel coating.

Increases Gripping Force up to...

- 2 times the grip force of tongue and groove pliers
- 2 times the grip force of the other self-adjusting pliers
- 4 times the grip force of standard slip joint pliers
- 50 times the grip force of an adjustable wrench

The Magnum Grip™ Adjustable Pliers are a versatile and powerful tool which makes the everyday jobs requiring pliers easier, faster and less aggravating.

The Magnum Grip™ is 100% made in America by PennTek™ Tools, a division of Penn United Technologies, Inc.
