

THE NEW FACES OF *MODERN* MANUFACTURING

Name: Dan Fetchko
High School: Freeport High School
Job Title: Apprentice Machinist

Coolerest thing about your job:

Working with my hands on a daily basis. Also, Learning while on the job and getting paid to do it!

Hobbies: I enjoy wrenching on my car, playing tennis, lifting weights and even gaming on my custom built gaming computer which I build myself.

Career Goals: To learn as many skills as possible at Penn United Inc. and continue my apprenticeship and completing the BC3 courses for a college certificate.

What did you want to be when you were a kid:

I knew I wanted to do something involving building and creating but I wasn't sure what.
