

THE NEW FACES OF *MODERN* MANUFACTURING

Name: Erin Foster-Macurdy
High School: Freeport High School
Job Title: Apprentice – Quality Technician

Coolest thing about your job: Working with my co-workers to figure out why a part is bad. Then working together to fix the problem and make a better part.

Hobbies: I enjoy bike riding, walking my dog in the woods and reading murder mystery novels.

Career Goals: To continue learning and doing my job to the best of my ability.

What did you want to be when you were a kid: I wanted to be a nurse. I have a nursing degree in radiology science. Then I started working at Penn United, liked it, and decided to make this my career.
