

# THE NEW FACES OF *MODERN* MANUFACTURING

**Name:** Marjorie Thomas

**High School:** Butler High School/Butler ATVS

**Job Title:** Apprentice - Machinist

**Career Goals:** My goals for the future would be to earn my journeyman's papers, and to further my education while working, and to learn more about EDM (Electrical Discharge Machining.)

**What did you want to be when you were a kid:**

I wanted to be a graphic artist, a printer, and I worked doing that for many years.

**Coollest thing about your job:**

I really like learning about the capabilities of the machines that I work around.

**Hobbies:** Some of my hobbies include trail riding my horse, and community theater in my spare time.

**Brought To You By:**

Penn United Technologies, Inc.
